## ORA AGM CONFERENCE 2011

### WORKSHOPS

Plans are being finalized to have three (3) workshops for the members.

1. Our Passion, Our Sport – Skill Development Recognition Program

Join Ringette Canada representatives as they announce a new Skill Development Recognition Program as well as an update on Ringette Canada programs and initiatives.

2. Mechanical Literacy in the Sport of Ringette: Skill Acquisition vs. Transference to Performance

Presented by Dr. Kelly Lockwood, Ph.D., Associate Professor, Department of Physical Education & Kinesiology, Brock University. Dr. Lockwood's primary focus of research is on ice sport with an emphasis on both physiological and mechanical literacy through LTAD. A second arm of her research deals with equipment related to performance or more specifically, how skate sharpening effects performance. Brock University secured funding for a study on Ringette players looking at the skill acquisition through LTAD and whether skills developed transfer well to game play. This type of study is called a Time Motion Analysis (TMA), whereby game play is analyzed for the purpose of further skill and player development. Dr. Lockwood will present an overview of the results of the data collection and analysis that was compiled over the 2010-2011 season.

3. Closest Association Policy

Please join Cathy Nie, Chair of Membership Services as she leads an open discussion on an open discussion this long awaited revision to the Player Release Policy.
