1.0 OFFICIATING DEVELOPMENT PROGRAM

Ringette Canada, the national sport governing body for the sport of Ringette™, has developed a National Officials Certification Program (N.O.C.P.) for training and certifying Ringette Officials. The O.R.A., through the Officials Development Program, co-ordinates and manages the delivery of the N.O.C.P. within the province of Ontario.

- 1.1 Program Goals**
- 1.1.1 Provide clinics, on-ice evaluations and resources, which promote uniform interpretation and application of the rules.
 - 1.1.2 Establish performance standards for officials at any given level of competition.
 - 1.1.3 Provide a system by which the official may officiate at a level of competition best suited to his/her officiating ability.

- 1.2 Achieving Goals**
- 1.2.1 Clinics - Officiating - Levels 1, 2/3 and 4
 - Refresher (In rule change years)
 - Rules Clinic - for participants (coaches, players, parents)
 - 1.2.2 Resources - Rule Book, Case Book, etc.
 - 1.2.3 On-ice evaluations.
 - 1.2.4 On-going rule clarifications/interpretations.
 - 1.2.5 Certification and registration of officials with O.R.A. and Ringette Canada.
 - 1.2.6 Continual updates on issues pertaining to officiating via the Ref-O-Gram.
 - 1.2.7 A Travel Subsidy is available for officials from the Northwest Region to enable them to travel to selected tournaments. Officials to be eligible must be identified by the Regional Co-ordinator and ratified by the Regional Committee as officials who are capable of moving within the officiating ranks.

- 1.3 Interpretation of Rules**
- Clinics, print material and on-ice practice sessions promote uniformity of rule interpretation and application. As well, these programs allow the official to gain proficiency in game officiating mechanics and become familiar with the PHILOSOPHY of Ringette™ officiating.

Most importantly, clinics provide the official with an opportunity to contribute to the program through his/her input.

- 1.3.1. All registered officials receive Rule Clarifications and Interpretations in their bulletin the “Ref-O-Gram”. Clarifications/interpretations are available to the membership through the mail package, a newsletter or the website.
- 1.3.2 It is realized that all aspects of the game of Ringette™ are making rapid advances. We must, therefore, make every effort to educate and train our officials to meet these changing needs. This cannot be accomplished by the individual. It must be a combined effort.

**1.4 The
N.O.C.P.
Carding
Structure**

The N.O.C.P. structure consists of four LEVELS (1, 2, 3 and 4, administered with the province) and three CATEGORIES (A, B and C). The combination of Level and Category defines an official’s certification RANK (e.g. 3A).

1.4.1 Officiating Level	Function
1	“C” Level play
2	“B” and “C” Level play
3	“A”, “B” and “C” Level play
4	“AA”, “A”, “B” and “C” Level play

1.4.2 Officiating Category	Function
C	U14 and younger age groups at that level of play.
B	U16 and younger age groups at that level of play.
A	ALL age groups at that level of play.

A Certification Rank does not restrict an official from officiating games at a higher level or category and is a function of the evaluation process (see page 6)

The Officiating Development Committee submits to Ringette Canada, by **DECEMBER 15th** of each year, a list of all (O.R.A.) officials currently certified at 4B or above for possible selection to the National Championships.

2.0 CERTIFICATION - REGISTRATION AND RENEWAL

2.1 Registration

2.1.1 In order to register with the O.R.A. Officials Certification Program, all officials must provide the following for registration to be complete:

- Complete the On-Ice Officials Registration Form (O-F-05) and submit the form along with the required fee to the local registrar or the ORA office before participating on-ice or **SEPTEMBER 15th** – whichever occurs first.
- Submit a valid Police Records Check to the local association privacy officer or O.R.A. on or before **JANUARY 8th** of that season (applicable to all officials 18 years of age or older).

2.1.2 Upon registration, the referee becomes a participant in the O.R.A. Thus, any official knowingly refereeing non-registered teams will be suspended, upon review by the Officiating Committee.

2.1.3 Any official not affiliated with O.R.A. Officiating Program through payment of associated fees and dues by **NOVEMBER 15th** of each year shall have all privileges suspended. Officials shall be reinstated upon receipt of the annual enrollment fee.

2.1.4 If an official does not attend the appropriate clinic in a rule change year, they are ineligible to officiate after **DECEMBER 15th** and must attend either a Refresher Clinic or a Level 1 Clinic before being reinstated.

2.1.5 **An official not registered with O.R.A. and not certified according to N.O.C.P. requirements may not officiate any game played between registered teams. The association of the teams supplying the non-registered/non-certified official(s) will be fined \$50.00 per game.**

Expiry Date: **SEPTEMBER 14th** of the following season.

New officials must also attend a Level 1 Clinic and pass out quiz (50% or higher) plus meet skating assessment requirements.

2.2 Renewal

2.2.1 Registration in accordance with section 2.1

2.2.2 Attendance at a refresher 1 clinic (for level 1 and 2 Officials) or refresher 2 clinic (for level 3 and 4 Officials) in rule change season.

3.0 EVALUATOR PROGRAM

All Officiating Evaluators must meet the National Officials Certification Program's requirements prior to being given Authorized Evaluator status with the Province of Ontario.

3.1 Evaluators Program

The Ontario Ringette Association Guidelines for the Evaluators Program:

3.1.1 There are three (3) levels of evaluators:

- Community - eligible to evaluate up to and including level 2A
- Regional - eligible to evaluate up to and including level 3A
- Provincial - eligible to evaluate up to and including level 4A

Note: Community and Regional Evaluators must indicate their status if asked to evaluate an official in a game, which could potentially result in a recommended rank above that evaluator's authorization level.

3.2 Evaluators Requirements For Certification and Upgrade

Community evaluators will be eligible to evaluate after attending the Community level evaluators clinic.

3.2.1 Moving from Community to Regional Evaluator:

- must have participated as a community evaluator for a minimum of one (1) year
- must attend a regional evaluator clinic

- must submit a written request for upgrade to Officiating Development Committee

3.2.2 Moving from Regional to Provincial Evaluator:

- must be in good standing and a current regional evaluator.
- must complete six (6) evaluations in total
- four (4) of six (6) need to be upgrade evaluations and must be done with at least four (4) different evaluators from two (2) different regions
- evaluators must be spread out over a minimum of two (2) different tournaments

3.2.3 Due to the potential impact evaluators may have on the Province's officials, as well as the above requirements, the Officiating Development Committee's approval is required for all movement within the program.

3.2.4 Maintenance of Evaluators:

All evaluators are required to submit a minimum of three (3) evaluations per season in order to maintain their status. Those who do not meet this requirement may be downgraded or removed as an evaluator at the discretion of the Officiating Development Committee.

3.3

3.3.1 Evaluators who display a continuous inability to meet the high standards

4.0 OFFICIALS RANKING PROCESS AND REQUIREMENTS

4.1 Officials Upgrading Process

4.1.1 All upgrades must be approved by:

- Level 1 and 2 - Regional Officiating Co-ordinator
- Level 3 and 4 - Officiating Development Chair

Rationale: Given that all Level 3 and 4 Officials are eligible for selection to officiate at Provincial Championships and all Level 4A and 4B Officials are eligible for selection to officiate at Canadian Ringette Championships, it is imperative that their officiating skills be confirmed by the Officiating Development Chair.

4.1.2 Officials who wish to be considered for upgrade must complete a “Request for Upgrade” Form and submit it to the Evaluations Manager.

4.2 Officials Upgrade Requirements

Rank	Attainment
4.2.1 1B/1A	At least one (1) on-ice evaluation at the desired rank or one (1) full level higher by a local Referee-in-Chief, community, regional or provincial evaluator.
4.2.2 2 C, B or A	<ul style="list-style-type: none"> • Full Level 1 Certification. • Attend a Level 2/3 N.O.C.P. Clinic and achieve a passing mark (60% or better) on required test. • A minimum of two (2) on-ice evaluations by a community, regional or provincial evaluator. At least one (1) evaluation must be by a different evaluator.
4.2.3 Rank	Attainment
3 C, B or A	<ul style="list-style-type: none"> • Full Level 2 Certification. • A minimum of three (3) on-ice evaluations at the desired rank or one (1) full level higher by at least two (2) different Regional or Provincial Evaluators, at least one (1) of which must be from outside the Official’s home region.
4.2.4 4C, B or A	<ul style="list-style-type: none"> • Full Level 3 Certification. • Attend a Level 4 N.O.C.P. Clinic and achieve a passing mark (70% or better) on required test. • A minimum of four (4) on-ice evaluations at the desired rank by at least three (3) different provincial evaluators. At least one (1) of which must be by an Evaluator from outside from a different region.

Note: For upgrade to Level 4, at least one (1) evaluation must be on a “AA” tournament final game or a game deemed to be a level of difficulty comparable to a “AA” Provincial Championship game.

4.3 Maintenance of Officials Rank

4.3.1 In order to maintain a given rank, Level 3 and 4 officials must obtain a maintenance evaluation as outlined in 4.3.2 every season. For Level 1 and 2 officials this must be done at least once every two (2) years. A grace period is offered until **DECEMBER 15th** of the following season.

4.3.2 In order for officials to maintain a given rank, he/she must acquire at least one (1) evaluation at his/her current level and category or at least one (1) evaluation at a higher level with the same or higher category.

2B Official receives a 3B = maintenance
 2B Official receives a 3C = no maintenance

Other examples: a 2C official upgraded through evaluation to 2A must produce maintenance evaluation at 2A or above by **DECEMBER 15th** of the following season every two (2) years.

4.3.3 Any official that may require an extension for a maintenance evaluation due to extenuating circumstances must apply in writing to their Regional Officiating Co-ordinator. The Officiating Development Committee will make all decisions regarding extensions or maintenance after the written request is received.

4.4 Officials Downgrading Process

Officials Downgrade Through Evaluations:

	Rank	Number of Evaluations
4.4.1	1B or 1A	One (1) evaluation below these ranks by local Referee-in-Chief, designated Evaluator, community, regional or provincial evaluator.
4.4.2	2B or 2A	Three (3) evaluations below these ranks by at least two (2) different community, regional or provincial evaluators
4.4.3	3B or 3A	3 (three) evaluations below these ranks by at least two (2) different regional or provincial evaluator, preferably from different regions.
4.4.4	4B or 4A	Three (3) evaluations below these ranks by three (3) different provincial evaluators, preferably from different regions.

4.4.5 Officials Downgrade Through Failure to Meet Maintenance Requirements:

Should an official not provide a maintenance evaluation by **DECEMBER 15th**, his/her certification rank will be downgraded to the highest level of evaluation received within that year, with approval from the Provincial Officiating Chair (4B receives a 4C evaluation, may be moved to a 4C). Failure to get an evaluation in that year will result in a drop of one (1) full level at the same category (3A to 2A, 3B to 2B, etc). 1 A/B officials not providing a maintenance evaluation will be downgraded to 1C. Officials will continue to lose one level per year (to a minimum rank of 1C) that maintenance evaluations are not provided.

4.4.6 An official failing to provide a maintenance evaluation as required, may be reinstated at their original rank by providing the same number of evaluations required to originally attain that Rank. (e.g. A 3A official who is downgraded to 2A as a result of failure to provide a maintenance evaluation at Level 3 may be reinstated at 3A by obtaining three (3) 3A evaluations).

Note: Downgrade of an official from these ranks (Level 2-4) must be supported by written evaluations and endorsed by the Officiating Development Chair.

5.0 REFEREE ASSIGNMENT GUIDELINES

5.1 Description 5.1.1 It is recommended that Regions adopt the following guidelines for all tournaments held in their Regions:

- Local Associations must send a list of all officials for their tournament three (3) weeks before the tournament to the Regional Officiating Co-ordinator.
- Local Associations must send a copy of the schedule of officials to the Regional Co-ordinator for approval one week prior to the start of the tournament.

5.1.2 The tournament/game assigner should strive to assign AT LEAST ONE (1) OFFICIAL at the given minimum Rank to each game in the following events:

<i>Event</i>	<i>Minimum Rank</i>
Invitational AA level tournaments	3B
Invitational A & B level tournaments	2A
Invitational C level tournaments	1B

5.1.3 Suggested Fee Schedule (per official/game) for O.R.A. Sanctioned Invitational Tournaments for the 2016/2017 season:

Every attempt should be made by the association and the individual official to ensure attendance at the appropriate (and required) clinics.

6.3 Clinic Curriculum Overview

6.3.1 Level 1 Officials Clinic

The Level 1 Clinic is designed to educate the new official in the basic techniques of officiating. The clinic material is covered in approximately six (6) hours, plus 1 hour of ice time to test attendees on required skating skills, plus one (1) hour for the exam which requires a mark of 50% in order to pass.

- Topics Covered:
- Qualifications and pre-game duties
 - Positioning and on-ice mechanics
 - Violations and Rules
 - Body Contact Principles
 - Signals
 - Skating Skills Assessment

Note: All clinic participants taking part in the skating skills assessment (mandatory for certification at 1C) MUST wear helmets.

6.3.2 Refresher Clinic 1 and 2

- The Refresher Clinic 1 and 2 is a re-certifying requirement for Level 1, 2, 3 and 4 officials in Rule Change years.
- The clinic serves as a “refresher” on existing rules and mechanics as well as familiarizes participants with new rules and interpretations. It also provides a forum within which officials may enlighten each other on situations occurring in games.

6.3.3 Level 2/3 Officials Clinic

- The Level 2/3 clinic begins with a brief overview of the Level 1 curriculum and includes such things as advanced mechanics, philosophy and psychology of officiating, pre and post game duties, dealing with fights and the evaluation process. A test is included in the curriculum, with a grade of 60% being required to pass. This clinic does not include ice time and runs for approximately seven (7) hours.

6.3.4 Level 4 Officials Clinic

- This nine and a half (9½) hour clinic briefly reviews and extends the information presented in the Level 2/3 Clinic with focus on the philosophy and psychology of officiating. A large part of this clinic is devoted to difficult situations found in the Casebook and arising from discussion among the clinic participants. Inclusion of an ice session is optional depending on the number of clinic participants, resources available and desire of the instructor. The clinic includes an exam with a grade of 70% required to pass the exam focuses largely on case situations found in the Casebook and/or discussed during the course of the clinic.

7.0 CODE OF CONDUCT FOR ON-ICE OFFICIALS

7.1 Description As Provincial Event Officials, we are under constant scrutiny, both on and off the ice. As such we must learn to work and enjoy ourselves within acceptable parameters.

7.1.1 Officials are the largest single team at any Provincial Event and we must ensure that we act accordingly. We must remember that the actions of the few may have serious repercussions on the team. Not only do we have to work at presenting an unfaltering image, we must work at ensuring that our teammates do the same. We have the influence to help prevent fellow officials from compromising their reputation and/or status within this event and future events.

7.1.2 The following are minimum requirements for all on-ice officials. Anyone who feels that they cannot fulfill all of the requirements below must notify the Officiating Development Chair immediately, as he/she will be replaced by another official. This is for the good of the team.

- Provide 100% effort in all assigned games; regardless of division, team coach, etc.
- Exhibit professional conduct and decorum at all times, including but not limited to: arena, hotel restaurants and public places.
- Be in assigned hotel room, alone or with assigned roommate, not less than eight (8) hours before your first assignment of each day.
- Vacate any room belonging to an official who must conform to above requirement.
- Drinking of alcoholic beverages will only be allowed after an official's last scheduled assignment, and will not be allowed during the eight (8) hour period immediately preceding any game assignment.
- Declare any conflicts with teams, players, or coaches.
- Understand Officiating Development's concerns with fraternizing with Provincial Event participants. Use extreme care and judgment when dealing with these situations. Discretion is required. Remember, people are always looking for "conflicts of interest", especially when we are involved.
- Conform to dress code.
- Be supportive of all officials, do not discuss other officials when you may be overheard by parents, coaches, players, etc.
- Inform supervisors of all problems or concerns.
- Be familiar with all applicable rules.
- Attend all required meetings (SOBER!) – No smoking at meetings.
- Arrive one half-hour before start or adjusted start time of each assignment, and confirm arrival with arena supervisor.
- Changing of game, or room assignments, must be approved by an officiating supervisor.
- Assist minor officials if necessary.

7.1.3 These requirements must be fulfilled. Failure to adhere will result in action

as determined by the Officiating Development Committee. Officials not meeting the requirements regarding alcoholic beverages will be relieved of any further games, removed as a championship official and be sent home. Officials not meeting the requirements regarding curfew may be relieved for any further games removed as a Championship Official and are sent home.

7.1.4 All actions are subject to further disciplinary action. A Disciplinary Committee will be formed, consisting of the following persons: to be chaired by the President of the O.R.A: the Vice-President Technical, Vice-President Administration, the Officiating Development Chair/Designate, and two (2) Officiating Development Committee Coordinators.

7.1.5 This Committee is to deal with any situation that may arise from the breaking of the Officiating Code of Conduct.

7.1.6 While the above requirements may seem overwhelming they are necessary.

8.0 GUIDELINES FOR THE SELECTION OF OFFICIALS TO THE PROVINCIAL A AND AA CHAMPIONSHIPS.

8.1 Provincial Selection Process

- 8.1.1 For the purpose of selecting officials for the Provincial A and AA Championships, the “Selection Committee” will be made up of the following individuals:
- The Officiating Development Committee (including the Chair).
 - All provincial level evaluators currently in good standing with the ORA (officials under any suspension by the ORA are not eligible to participate).
- 8.1.2 A “check” to ensure the fairness of the process, and that no errors are made that would eliminate any individual from participating in the Championships, will be included in this process.
- 8.1.3 A neutral third party will be used for this “check”. That individual will be the Vice-President Technical. Should the Vice-President Technical be in conflict, an individual from the Executive Committee that is not in conflict, will be appointed by the President to ensure the process is fair.
- 8.1.4 This individual will be given a copy of the input from each individual on the Selection Committee - this material will be strictly confidential. Only two (2) people will see this material: the Officiating Chair and the individual doing the check. This individual will also be given a copy of how to correlate this material to achieve the final ranked order of officials for selection to the Provincial Championships.

8.2 The Selection Process

- 8.2.1 The Officiating Committee will receive a list of AA level three (3) and four (4) officials from the Committee Chair on or before **NOVEMBER 1st**. The Committee will review the list for any errors, such as omissions, and will add any individual (regardless of their rank) that they believe should be considered by the Selection Committee. This will be completed and returned to the Chair on or before **NOVEMBER 21st**.
- 8.2.2 In order for an official to be eligible to officiate at the Provincial Championships they must:
- Provincial “A” – attend at least one (1) “A” or “AA” tournament during that season
 - Provincial “AA” - attend at least two (2) “AA” tournaments during that season.
- 8.2.3 The Chair will correlate a complete list of eligible officials, including the additions, and send it to the Selection Committee as part of the selection package on or before **DECEMBER 1st**. All packages will be completed and returned to the **CHAIR** on or before **JANUARY 1st**. The Chair will make a copy of each response and forward to the Vice-President Technical (or Designate as assigned by the President). That individual will be

responsible to check the results of the Chair using their copy of the responses. The Chair will have the final ranking list of officials ready on or before **JANUARY 7th**.

- 8.2.4 Any official receiving three (3) or more RNA's (recommend not attend) will automatically be ineligible to participate in any Provincial Event. See Section 8.9 for further information.
- 8.2.5 The Officiating Committee is allowed to bring up to four (4) minor officials to the Provincial Championships as part of the officiating crew. These officials will be identified as "Up and Comers" by the Regional Coordinator.
- 8.2.6 In the event that the ranking list of eligible candidates has been exhausted, the Officiating Committee will determine the suitable candidates for selection.

8.3 The Ranking List

The final ranking list of officials will be used to determine the order of selection of officials for the Provincial Championships. The Officiating Chair **MUST** invite the top twenty (20) officials on the list to the "AA" Provincial Championships and the top fifteen (15) officials to all Provincial Events. After the top twenty (20)/fifteen (15), the Chair will have some latitude for selecting new or up and coming officials that may not be widely known and thus be lower on the list.

Regardless of whom the Chair selects after the top twenty (20)/fifteen (15), the Chair must be able to justify the selection to the Vice-President Technical (or designate) doing the checking.

8.4 The Selection Package

8.4.1 No individual will be permitted input more than once into the process. Each Selection Committee Member will receive one (1) selection package on or before **DECEMBER 1st**, to be used in the process. Each package must be completed and returned to the Chair on or before **JANUARY 1st**.

- 8.4.2 Each package will contain the following:
 - a list of all eligible officials by region.
 - a set of instructions of how to complete the package.
 - a method in which to transfer the officials according to where they are being ranked.

8.5 The Ranking Process

Each official on the list of eligible officials for Provincial selection will be placed in a category by each member of the Selection Committee. If the Committee Member's name should appear on the list of eligible officials, they will be instructed to leave their name out of their selections. Each category has a numeric value attached, and so by correlating all the input from the Selection Committee, each official will have a final ranking number. That number will place them somewhere on the final ranking list, which will then be used to invite officials to the A and AA Provincial Championships.

The categories and their numeric values are as follows:

8.6 Rank

- 1 - Capable of officiating U19 and down in AA caliber
- 2 - Capable of officiating U16 and down in AA caliber
- 3 - Capable of officiating U14 and down only in AA caliber
- 4 - Capable of officiating all divisions in A caliber
- 5 - Capable of officiating U19 and down in A caliber
- 6 - Capable of officiating U16 and down in A caliber
- 7 - Capable of officiating U14 and down only in A caliber
- 8 - Capable of officiating U12 Provincial
- RNA - Recommend Not Attend, Value of 12
- NIO - No informed opinion, Value of 9

Each area of the above rank categories will be placed on a separate page, and/or a spreadsheet and each official will be ranked in numerical order.

**8.7
How to Rank**

- 8.7.1 Each official will receive a four (4) digit numerical rank
- 8.7.2 The first digit is the **MAXIMUM** game level the official is capable of officiating, 1-8 (i.e. 2=U16AA)
- 8.7.3 Any official with a ranking of 1-3 will then receive their highest level of “A” calibre as their second digit (i.e. 5=U19A). If the official’s maximum rank is between 4-8, the second digit will be zero (i.e. 60=U16A)
- 8.7.4 The third and fourth digit is the rank of the official within the category (i.e. 2501, 2502, 2503 or 6001, 6002, 6003, etc.)
- 8.7.5 An official that has not been seen on the ice in over two seasons will receive an NIO – No Informed Opinion
- 8.7.6 Officials that you feel should not be invited to Provincials will receive an RNA – Recommend Not Attend.

You must give a valid reason for your recommendation. Poor officiating, not being active, bad attitude either on or off ice are reasonable, personal dislike for an individual is **NOT**. Any official receiving three (3) or more RNA’s will automatically be ineligible to participate in any Provincial event.

Examples

- 1401 – 1=U19AA maximum level of AA, 4=all levels within A calibre and 01 means they are ranked #1 in their category
- 3607 – 3=U14AA maximum level of AA, 6=maximum level of A calibre U16 and 07 means they are ranked #7 in their category
- 4004 – 4=all divisions in A calibre, zero will always be the second number, 04 means they are ranked #4 in their category
- 7013 – 7=U14A and below, zero will always be the second number, 13 means they are ranked 13 in their category

12.0 IMPORTANT NOTICE TO ALL LOCAL REFEREES-IN-CHIEF

12.1 Introduction The Local Referee-in-Chief plays an extremely important part in the development of officials in the game of Ringette™. In addition to the annual duties of REGISTRATION of all officials in the association and EVALUATION of the Level 1 officials, we rely on the Local Referee-in-Chief to RELAY RULE INFORMATION to the officials in his/her association. For additional information, see the “ORA Referee in Chief Manual”.

Each association Referee-in-Chief is required to take the Level 1 Officiating Clinic and all required Refresher Clinics in rule change years.

12.2 Registration of Officials 12.2.1 The Officiating Program provides each official with access to educational programs clinics, resources, evaluations and rule clarification/interpretation updates. As well, each official is automatically registered with Ringette Canada. Yearly enrollment is mandatory for officials wishing to referee in O.R.A. Sanctioned Events such as tournaments, Regional Championships and the like.

12.2.2 All officials must also be Registered participants of the O.R.A. following the registration and renewal process outlined in section 2.1.

12.3 Evaluation of Officials 12.3.1 When a NEW official registers with the O.R.A. and attends a Level 1 clinic, that person is given the rank of 1C. The responsibility to evaluate this official rests largely with the local referee-in-chief. In order for this official to advance to 1B or 1A the local referee-in-chief needs to provide at least one (1) evaluation at this level. For this reason, it is imperative that the local referee-in-chief fulfills his/her responsibility to the officials by evaluating or providing evaluators, not only for upgrade but maintenance.

1C - Off-ice (timekeeper/scorekeeper) officiating in house-league games, U12 and younger.

 - Selected house-league games at the discretion of the local referee-in-chief.

1B Primarily U16 and younger age divisions - this level is primarily for younger officials who lack the maturity to deal with older players or the mature official who has difficulty keeping up with older players.

1A Capable of officiating in all age divisions in house-league.

12.3.2 All evaluations are to be recorded on a Level 1 Officials Evaluation Form (Appendix O-F-03a) and forwarded to the Regional Officiating Co-ordinator no later than **DECEMBER 15th** of the current playing season. Evaluation Forms are available through the Regional Co-ordinator or the O.R.A. office.

12.4 Local Referee-In-Chief Seminars

12.4.1 In order to assist the Referee-in-Chief, the Officiating Program will be presenting daylong SEMINARS specifically designed for the Local Referee-in-Chief. One seminar will be presented in each region. The content of the Seminar includes a review of the membership binder information, an O.R.A. Officiating Program overview, a review of the duties of the Local Referee-in-Chief, rule interpretation questions and answers and a look at the evaluation process through practical application.

12.4.2 It is **STRONGLY RECOMMENDED** that the Referee-in-Chief and one (1) assistant from each registered association in the region plan to attend this seminar. The dates and financial details may be obtained through the respective Regional Officiating Co-ordinator. We sincerely hope that all Referees-in-Chief will take advantage of these information sessions in order to better the officiating in their respective communities and in Ringette™ in general.

12.5 Tournament Referee-In-Chief Responsibilities

12.5.1 Every Invitational Tournament Referee-in-Chief is required to communicate with their respective Regional Officiating Co-ordinator regarding the selection and scheduling of officials for their tournament. Such communication must take place no later than three (3) weeks prior to the tournament's first game, and shall occur solely for the purpose of information interchange. (See Games and Tournaments, Sanctioned Event Rules - Section 3.)

Note: For additional information, see the "RIC Tournament Guidelines" manual.

13.0 PROVINCIAL OFFICIATING DEVELOPMENT (POD) PROGRAM

- 13.1 BACKGROUND:**
- 13.1.1 The POD program was started in 2005 as a way of exposing promising officials demonstrating both the desire and the potential ability to one day officiate at the Provincial level, to the elements required to attain that level. Participation in the POD program will provide the participant with a more focused means of receiving feedback and evaluations from Regional and Provincial evaluators. This program will help ensure that the official participates in tournaments and is given the opportunity to officiate in some Provincial calibre games. The end goal of this program is to improve the officiating capability of the participant, facilitate increasing of rank, and provide the necessary tools required of a Provincial Championship official.
- 13.1.2 The development people who are key in ensuring that this program is successful are the evaluators and the POD Manager. The POD Manager will provide the participant with a list of tournaments from which to select. Once the participant selects the tournaments they wish to attend, the POD Manager will confirm that person's entry and evaluators will be notified of their participation. The evaluators will then provide the participant with written and/or verbal evaluations during the weekend. The participant will typically receive feedback on two to three of their games per tournament, depending on the number of evaluators and POD participants. The participant should never receive less than one written evaluation per tournament. At the end of the weekend, the evaluators will provide the POD Manager with a quick report via email on how the participant performed. Progression of each participant will be reviewed by the POD Manager and the Officiating Development Chair in January and again in April.
- 13.1.3 Though the success of this program falls on the shoulders of the key development people, it is also the responsibility of the participant to ensure that they follow through with the requirements set out in this document. The official must take the information given to them by the evaluators and the POD Manager and work on the items that are identified. Only then can the official benefit completely from this program.
- 13.2 SCOPE:** This program is part of a long term officiating development strategy which is aimed at issues including recruitment, retention, and advancement of officials in the sport of ringette.
- 13.3 PERFORMANCE OBJECTIVES:**
- 13.3.1 The aim of this program is to improve the officiating skills of young referees who have been identified as having high potential to advance in the officiating system.

13.3.2 Focus will be placed on on-ice and off-ice skills including:

- positioning
- penalty selection
- articulating decisions
- overall game awareness
- professionalism
- interpersonal skills
